Highway Post Brackets			
Quantity	Price Each	Shipping	
1	\$5	Based on Quant Ordered	Sold in pairs a set is required for each highway post/predator guard

The Highway Post Brackets are designed for use with steel highway signposts. The steel brackets are pre-bent to 40° and hoses are provided to bolt the bracket onto the signpost. While the MWI guard is meant for use with a landscaping timber or 4X4 post the brackets allow for mounting on a steel post. If you have questions about the predator guards or wood duck nesting boxes please contact a member of the Prairie Pothole Chapter.
